

## Opsætning af tools-options-Bridgemate i BCS.

Her vil man se følgende skærbillede:

Anbefalet opsætning er angivet ved flueben mm..

The screenshot shows the 'Bridgemate' configuration window with two tabs: 'Bridgemate' and 'Bridgemate II'. The 'Bridgemate' tab is active and contains the following settings:

- Results:**
  - Show previous results
  - Frequency list, 6 lines, 1 score column
  - Show own result
  - Repeat results (BMPro only)
  - Maximum results to show: Unlimited
  - Show percentage of own result
  - Group sections for results
- Behaviour:**
  - Show score points from perspective of:
    - North - South
    - Declarer
  - Enter results as: Number of total tricks won
  - Show Pair Numbers at Round Info
  - Intermediate transmission of contract
  - Board order verification

The 'Bridgemate II' tab contains the following settings:

- Interval settings:**
  - Autopower-off period: 20 seconds
  - Verification message: 1 seconds
- Contract:**
  - Show contracts using:
    - Symbols
    - Characters
- Optional Entry:**
  - Lead card
  - Member Numbers
  - Blank entry not allowed
  - Validate number using rules of: No validation
- Shutdown:**
  - Automatically close BCS at end of session (Not allowed in Swiss Events)

Ved at aktivere det andet faneblad (Bridgemate II) ser man:

The screenshot shows the 'Bridgemate II' configuration window with the following settings:

- Options for tournament director:**
  - PIN Code: 4711
  - 'No Play' requires TD confirmation
- Display additional information:**
  - Remaining number of boards to be played
  - Next seatings at end of round (Not in Swiss Teams)
  - Score recap
    - Show score recap automatically
    - Allow players to erase scores
  - Automatic Entry of Board Number
    - Enter first board in round manually
  - Enable RESET Function Key
- Recording game:**
  - Record Bidding
  - RecordPlay
    - Validate entry with hand records
    - Allow viewing hand records

At the bottom of the window, there are two checkboxes:

- Allow for BM Pro's and BMII's to run simultaneously [requires 2 Bridgemate Servers connected to same PC]
- BMII Only - Use Section Names as BM Section Letters (A-Z, AA-ZZ, AAA-ZZZ) if possible

Her er anvendt PIN Code 4711 – er valgfrit. Skal indtastes, når TL skal redigere på BM.

Her er endvidere benyttet et lokalt nummersystem for alle spillerne på holdet, så navnene kommer først ind, når spillerne har indtastet deres nummer inden starten – ligesom hos DBf – bare lokale numre.
